4305 Santa Fe Ave., Vernon, CA 90058 (323) 583-8811 FAX (323) 588-4320

CERTIFIED BACKFLOW DEVICE TESTERS

The following companies conduct backflow prevention device testing and are certified by the Los Angeles County Environmental Health Department. The companies listed were arranged randomly and are not in any preferential order. Please note that the City of Vernon Health and Environmental Control Department neither endorses nor assumes liability for the quality of work performed by the companies or the individuals they employ. You may obtain the services from a tester who is not on the following list as long as he or she possesses an approved backflow device tester certificate. The City of Vernon recommends obtaining three phone estimates before choosing a company to perform your tests.

An investigation will be conducted if a complaint is filed with this department pertaining to the testing of backflow devices and/or the certification of a tester.
