

CITY OF VERNON

APPLICATION AND CONTRACT FOR FIRE SPRINKLER SERVICE

The undersigned Applicant hereby requests the City of Vernon to supply water for the purposes of fire sprinkler service to the location shown on page 2 of 2 hereof (Credit Information, attached hereto and made a part hereof by reference), in accordance with the applicable rates, rules, and regulations of the City.

Applicant hereby agrees to the following:

1. Applicant has reviewed and inspected the applicable City of Vernon rates, rules, and regulations for water service and agrees to comply therewith, and with any changes or modifications thereto which may be authorized from time to time by the City.
2. Applicant agrees to furnish, install, maintain, and otherwise keep in good working order an approved double check detector assembly (DCDA) as close as practicable to the point where the City service line crosses onto private property. The DCDA shall be installed in accordance with an approved Fire Permit issued by the Department of Community Services.
3. Applicant shall assume responsibility for all costs associated with periodic and regular maintenance of the DCDA as well as the required annual testing of both the main line and bypass backflow prevention devices. These devices shall be registered with the City of Vernon Environmental Health Department. Failure to properly test and maintain these devices may result in the termination of fire sprinkler service to the property.
4. The City shall assume responsibility for the maintenance of the bypass meter.
5. Applicant grants the City a right-of-access to service, install, repair, replace, and/or remove the bypass meter.
6. Applicant grants the City a right-of-access for the purpose of reading the bypass meter.
7. All facilities installed by the City of Vernon shall remain the sole property of the City.
8. This contract shall at all times be subject to such changes and modification by the City of Vernon as maybe made from time to time in the exercise of its jurisdiction.
9. Applicant acknowledges that the only purpose of this contract is to obtain water for a fire sprinkler system that is owned and maintained by the applicant (or the property owner), and that this contract does not obligate the City of Vernon to protect the Applicant's property from fire. In accordance with the rules and regulations of the City Water Department, Applicant shall not use water furnished under this contract for any other purpose.
