

CITY OF VERNON
UTILITIES DEPARTMENT
RULES FOR ELECTRIC SERVICE

Rule No. 18: SUPPLY TO SEPARATE PREMISES AND USE BY OTHERS

- A. Separate Metering.** Separate Premises will not be supplied through the same Meter, except as may be specifically provided for in the applicable Rate Schedule.
- B. Other Uses or Premises.** Electricity received from the City shall not be used by the Customer upon other Premises or for other purposes than those specified in its application or in the applicable Rate Schedule.
- C. Use by Others.** A Customer shall not charge for electricity received from the City and used by another person, except:
 - 1. If the charge to tenants is absorbed in the rental for the Premises or space occupied; or
 - 2. If the Customer is the owner, lessee, or operator of a multiple-occupancy Premises and provides submeters for the electricity used by tenants at the same rates that the City would charge for the service if supplied directly. In such cases, the Customer shall furnish, install, maintain and test the submeters.
